ICF-C1iPMK2WHT

Dock/Clock Radio works with iPod®/iPhone

Wake to your favorite tunes with the ICF-C1IPMK2, which features a unique adjustable backstop to help you dock your compatible iPod® or iPhone, and includes a convenient dual alarm clock digital AM/FM radio, Auto Time Set and Automatic Daylight Savings Time.

Compatible with:

iPod and iPhone Compatible[1]

Adjustable Backstop

The adjustable backstop[1] allows you to use any iPod in the dock for easy access to all of your music through your clock radio.

Wake/Sleep to iPod, Radio or Buzzer

Fall asleep and wake up to your iPod, the radio or a buzzer.

Automatic Time Set (ATS)

The correct EST (Eastern Standard Time) has been preset at the factory, so just plug the clock in and adjust the time zone as necessary. In the case of a power interruption, the built-in Lithium battery maintains the correct time so when the power returns you don't have to re-set the clock

Automatic Daylight Savings Time

When Daylight Savings Time changes take place in the spring and fall each year, there is no need to adjust the clock because the built-in calendar recognizes the dates and automatically makes the proper time adjustments.

Digital AM/FM Tuner

Let's you choose from a wide variety of radio, talk and music programming.

Remote included

Allows access to all the music on your iPod from across the room.

Dual Alarm

Set two separate wake-up times with the option of waking up to your iPod, the radio or a buzzer.

Stereo Speakers with MEGAXpand

iPod Battery Charging

While your iPod is on the dock, it will charge so you never have to worry about running low on battery life.

Audio Input

Let's you easily connect any digital music player to the clock radio for easy access to all of your music.
